# DONORdifference

Spring 2017

## Purpose of Donor Difference

To inform donor advised fund holders and other potential donors about the grants that were submitted to WFACF. As you can see some were funded. Others, although worthy, give you an opportunity to consider a gift.

**Outcome:** Please consider a personal contribution or grant from a donor advised fund to further assist these worthy charitable endeavors.

### SOMETHING NEW FOR YOU, FUNDHOLDERS!

Have you been to [www.wfacf.org](http://www.wfacf.org) lately? We have updated WFACF website and made a "Fund holder" tab.

In the Fund holder tab you will find a generic donor grant recommendation form that you can download and use to make your grant recommendations.

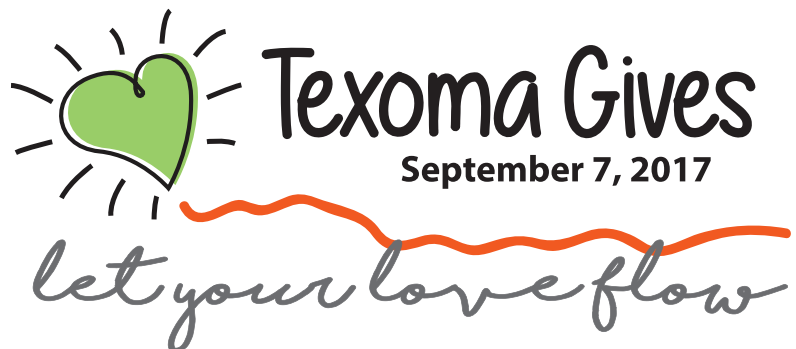

We hope this will prove helpful to WFACF fundholders. We will alert you as we add more fundholder related information under YOUR tab.

Happy Spring!
